Handbook of Food Preservation - Greek Cold Storage ...

Some food preservation techniques can be used at home, such as simply freezing food, while other techniques require precision controls in a processing environment, such as pasteurization.

Regardless of the methods, the objectives remain the same: retaining food quality for as long as possible, and ensuring safety of the food supply.

Handbook Of Food Preservation Second Edition PDF

BHT and BHA. BHA is used to keep foods from going rancid and is often added to high-fat foods, like butter, meat and baked goods, as well as cereals, snack foods, dehydrated potatoes, beer and chewing gum. BHT keeps foods from changing flavor and color and helps prevent them from developing an odor.
