Geography. In 1914, the territory of France was different from today's France in two important ways: most of Alsace and the northeastern part of Lorraine had been annexed by Germany in 1870 (following the Franco-Prussian War of 1870–1871), and the North-African country of Algeria had been established as an integral part of France in 1848. Alsace-Lorraine would be restored at the end of World ...

Nomadic people, also known as nomads, are communities of people that move from one place to another, rather than settling down in one location. Nomadism is distinguished from migration, which involves a major and permanent move from one location to another. Nomads, on the other hand, move periodically or cyclically, usually returning to their original location at various times.
