As can be seen in more detail in the section on English Today, on almost any basis, English is the nearest thing there has ever been to a global language. Its worldwide reach is much greater than anything achieved historically by Latin or French, and there has never been a language as widely spoken as English.

The History of English - English as a Global Language

Countries with the lowest debt, and holding the most foreign debt, with the best labor force, will be the ones to emerge out of the global recession the fastest.
