

Global Citizenship A Critical Reader 1st Edition

Global Citizenship A Critical Reader

Some Thoughts on How to Teach for the Intellectual Virtues To teach for the intellectual virtues, one must recognize the significant differences between the higher order critical thinking of a fair-minded critical thinker and that of a self-serving critical thinker.

Critical Thinking, Moral Integrity and Citizenship

Global studies is the interdisciplinary study of political, economic, legal, ecological and cultural interconnectedness. Predominant subjects are politics, economics and law on an international level. Global studies is oriented around the study of globalization as it relates to intercontinental politics, the global economy, international law, market relations, the movement of people and ...

The case for STEM education for all students is a strong one. Some advocates stress the United States' need for a workforce that can compete in a global economy.

STEM for Citizenship - Educational Leadership

Global governance or world governance is a movement towards political cooperation among transnational actors, aimed at negotiating responses to problems that affect more than one state or region. Institutions of global governance—the United Nations, the International Criminal Court, the World Bank, etc.—tend to have limited or demarcated power to enforce compliance.
