We are the American Institute of CPAs, the world's largest member association representing the accounting profession. Our history of serving the public interest stretches back to 1887.

AICPA Governing Council

In developmental psychology and moral, political, and bioethical philosophy, autonomy is the capacity to make an informed, uncoerced decision. Autonomous organizations or institutions are independent or self-governing. Autonomy can also be defined from a human resources perspective, where it denotes a (relatively high) level of discretion granted to an employee in his or her work.

A government is the system or group of people governing an organized community, often a state.. In the case of its broad associative definition, government normally consists of legislature, executive, and judiciary. Government is a means by which organizational policies are enforced, as well as a mechanism for determining policy. Each government has a kind of constitution, a statement of its ...
