### **Religion And The Social Order**

The term social order can be used in two senses. In the first sense, it refers to a particular set or system of linked social structures, institutions, relations, customs, values and practices, which conserve, maintain and enforce certain patterns of relating and behaving. Examples are the ancient, the feudal, and the capitalist social order.

Defining Religion. In order to describe and explain the most primitive religion known to man, Durkheim observed, we must first define the term "religion" itself: otherwise we risk drawing inferences from beliefs and practices which have nothing "religious" about them, or (and this was the greater danger to Durkheim) of leaving many religious facts to one side without understanding their true ...
