Compass Test Practice Questions - Study Guide

A compass is an instrument used for navigation and orientation that shows direction relative to the geographic cardinal directions (or points). Usually, a diagram called a compass rose shows the directions north, south, east, and west on the compass face as abbreviated initials. When the compass is used, the rose can be aligned with the corresponding geographic directions; for example, the "N ...

How to use a compass Using the compass alone This is a very easy lesson, and I would say, not sufficient for those who would like to travel safely in unfamiliar terrain.. The first thing you need to learn, are the directions. North, South, East and West. Look at the figure and learn how they are. North is the most important. There are several kinds of compasses, one kind to attach to the map ...
