The Wasp Factory is the first novel by Scottish writer Iain Banks, published in 1984. Before the publication of The Wasp Factory, Banks had written several science fiction novels that had not been accepted for publication. Banks decided to try a more mainstream novel in the hopes that it would be more readily accepted, and wrote about a psychopathic teenager living on a remote Scottish island.

Yellow Jacket. My Home: I am aggressive and build paper nests in logs, on the sides of buildings or in trees. I am a social insect and live in colonies. Sometimes the nest populations can number in the thousands. What I eat: I will eat other insects, but also am attracted to sweet smells as in garbage cans or will hover over your picnic table during the summer.
