

## *The Home Front In The Great War*

### **The Home Front In The**

Home front is the informal term for the civilian populace of the nation at war as an active support system of their military. Military forces depend on the home front so they can live. Civilians are traditionally uninvolved in combat, except when the fighting happened to reach their dwelling places. However, the expanded destructive capabilities of modern warfare posed an increased direct threat ...

### **Home front - Wikipedia**

The home front covers the activities of the civilians in a nation at war. World War II was a total war; homeland production became even more invaluable to both the Allied and Axis powers. Life on the home front during World War II was a significant part of the war effort for all participants and had a major impact on the outcome of the war.
