

The Samisch King Indian Uncovered Everyman Chess

The Samisch King Indian Uncovered

The Sämisch Variation is 3.Nc3 Bg7 4.e4 d6 5.f3. It is named after Friedrich Sämisch, who developed the system in the 1920s. This often leads to very sharp play with the players castling on opposite wings and attacking each other's kings, as in the Bagirov-Gufeld game given below, though it may also give rise to heavyweight positional struggles.
